

Cafeteria Charge Policy

Students are expected to pay for their purchases in full each day. Parents can pre-pay by sending a check with student to school. However, it is recognized that on occasion, student accounts may reach a Negative Balance. To ensure that students do not go hungry, but also to promote responsible student behavior and minimize the fiscal burden to the school, students will be allowed to charge some to be paid back at a later date.

The charge limit is \$10.00. Once the student reaches the limit, they will only be allowed to receive a Student Meal. No Ala Carte Items (snacks, drinks, extra entrée) will be sold to a student with a negative balance greater than \$10.00, the student will be asked to return the items to the cashier at the point of sale.

Every attempt will be made to notify parents when their child/children's accounts are getting low on funds. Students will also be reminded at the point of sale about their account balance.

When a negative balance occurs parents will be notified by email.

If a student continues to abuse this policy, the privilege of charging meals can be refused.
